## WOMEN TO HELP SALE OF VICTORY LOAN IN COUNTY

Mrs. Rena M. Watts Appoints Chairman for Each Community to Co-Operate With Men's Committees — Peace Patriotism Is Higher Type Than War Patriotism, She Says.

Mrs. Rena M. Watts, chairman of the Woman's Liberty Loan Organization for the county, has announced chairmen for each community. The woman's organization will work in co-operation with the men's committees, just as in previous loan campaigns.

The campaign is announced to begin April 21st. Community chairmen will make reports direct to Mrs. Watts. The women made a splendid record in the campaign of the Fourth Liberty Loan and Mrs. Watts is anxious to make an even better record on the Fifth Loan.

In speaking of the work of the women, Mrs. Watts said yesterday: "They will appeal to the people of the patriotism of the people of the county. Emphasis will be placed on the fact that today it takes a higher type of patriotism to serve the Nation than was required in the excitement of war. To that patriotism they will confidently appeal. Fathers and mothers who gave their sons to die if need be will be asked to help complete the work those sons have begun. Every person who helped in any way are asked to supplement the patriotism of war for the patriotism of peace."

"We appeal to all women of Wilbarger county to put their souls and their influence into this enterprise of supporting the honor of our Government and helping the men of our county to raise our just share of the money needed. Let us make this not only a Victory Loan, but a Triumphant Loan."

The committee chairmen for the various communities follow:

East Vernon, Mrs. A. M. Bourland.

North half of East Vernon, Mrs. S. E. Lloyd.

South half of East Vernon—Mrs. U. S. Davis.

West Vernon, Mrs. O. A. McCaleb.

North half of West Vernon, Mrs. J. L. Swartwood.

## GRADING MAIDEN AND PARADISE.

City Is Also Excavating for Paving Alleys Around New Federal Building.

Grading has been done on East Maidens street, Commissioner J. P. King advises that a culvert will be put in near the school house in Northeast Vernon, and the street opened through to a connection with the roads leading east of Vernon. A considerable amount of grading is also being done on North Mesquite street.

Men and scrapers were started Saturday excavating in the alleys around the new Federal building for the purpose of paving. The municipality will pave the alleys. The streets leading to the postoffice from North Main and Cumberland streets will not be paved until property owners are willing to pay their share of the cost, according to City Engineer A. J. Robinson.

### Married Sunday.

Chas. H. Andrews and Miss Lois Lee were married by Justice of the Peace T. J. Griffiths at his residence in West Vernon, Sunday afternoon.

## ASA VAUGHN WILL ENTER ALFALFA IN CONTEST FOR \$1,000

Wilbarger Man Will Help Put County Before World as Farming Country—Prizes of \$1,000, \$500, and \$250 Offered on Cotton, Potatoes, Wheat, Alfalfa, Corn and Oats.

Whether or not he wins a gold medal and \$1,000 for growing the best alfalfa in the United States, Asa Vaughn will help put Wilbarger county on the map. Mr. Vaughn will enter a five acre plot of alfalfa in the contest announced by the Farm Journal of Philadelphia, which is open to all non-irrigation farmers in the United States.

Men who have seen Mr. Vaughn's alfalfa declare that they have never seen a finer field. Last year, despite the fact that only about eight inches of rain fell up to the time the growing season had practically closed, and only seven and a half inches fell the year before, Mr. Vaughn got five cuttings of alfalfa. Buyers claim, too, that alfalfa grown here has more leaf and less fiber than that grown on bottom lands, and decidedly less than the irrigated plant.

Mr. Vaughn's farm is about three miles west of Vernon. So far, he is the only farmer who has indicated definitely his intention of entering the contest. R. D. Hurt, who lives near Mr. Vaughn, is considering entering. He says his alfalfa is already more than six inches high, and with warm weather he believes it could be cut early in April. Mr. Hurt turned some of his land very deep last fall, and is plowing it again. He may try cotton or corn on this. A. M. Bourland has indicated that he might possibly enter one of the contests.

Prizes of \$1,000, \$500, and \$250, with gold, silver and bronze medals are being offered for the best five acres in cotton, potatoes, wheat, alfalfa, corn and oats. There is no expense incidental to entering the contest, except that of getting the best seed, and intensive cultivation. The county that wins any one of these awards will have the eyes of the world turned upon it.

Farmers interested should see County Agent N. R. Tisdal at once.

### HARROLD HIGH SCHOOL WILL GIVE PLAY SATURDAY NIGHT

The pupils of Harrold High School will give a comedy drama entitled "Bar Haven" Saturday night. It is a play in three acts, and will be presented in the school auditorium.

Act I is staged in the home of Captain Harper on Christmas Eve. Act II is on Beacon Hill—"The Glorious Fourth of July." Act III is the parlor of "The Manor." Time of the play is the present; place is a seacoast near Portland, Maine.

Professor R. M. Holt will represent Captain Harper, an old fisherman; Sam Gribble will represent Hardy Stone, his helper, with an ambition to be Kate's." Ralph Piper will represent Leo Bradley, who is in search of an heir. Doc Vaughn will play Gideon Graham, a wealthy rascal. Cy Brackert, "who is fishing for fish and Arbella," will be played by Robert Vaughn. Miss Thelma Vaughn will represent Mrs. Wardell of "The Manor."

Farmers Valley—Mrs. T. C. Frost.

Paradise—Mrs. T. J. Milner.

Highland—Mrs. R. C. Price.

Crescent Cove—Mrs. Perry White.

## At the Theaters

### More's.

Today—in "Fair Enough," Margarita Fisher appears in a new and funny farce. She is the care-free whimsical daughter of parents of high social ambition and she outwits a snide, and punctilious governess in order to be her own untrammeled self. She plays havoc with her father's chances, gives a picnic to a horde of street gammons, falls in love with the policeman at first sight and runs the smutlets of danger until she is finally apprehended for purloining a racing car. Then the clever way she got out of trouble is the conclusion of the story.

Wednesday—"Paid in Full" is a new Paramount photoplay featuring Pauline Frederick. She plays the part of the wife of a morose and spiritless husband who is in the employ of Captain Williams. He collects some money clinging to the Captain and keeps it, pocketing the books so as not to get caught. With this fund he sets his family up in better circumstances. His dishonesty is discovered by his wife as well as by his employer. Captain Williams, however sympathizes with the sorrow stricken wife and absolves her dishonest husband from his indebtedness. The entire play is filled with dramatic situations.

Thursday—"Faith" is a new Metro production. Featuring Bert Lytell the story deals with a young clerk in a bank who comes into possession of a necklace belonging to the bank president and keeps it so long that he fears to return it. He goes to an old school teacher for advice and is told to confess to the president. This he does and is informed that he will have to go to jail. The president gives him an our's grace and he leaves and reports back at the end of the hour only to find that he was being tested.

### Pictorium.

Today—A millionaire is crushed to death by a statute of Ambition that he sought for a bride, in the late Vitagraph, "Miss Ambition." Corinne Griffith plays the part of Marta, a little seamstress. A stolen kiss wins her the ambition to be mistress of fine home with fine clothes and jewels. She is maid to a society woman and is secretly posing for the fiancee of the woman, who in his enthusiasm kisses her just as his sweetheart enters the room. She is dismissed and later marries a rich friend of the Sculptor where she has everything but happiness. She returns to her sewing machine and poverty in reference to her wealthy home without happiness.

Wednesday—Mabel Normand appears in "Sis Hopkins." A number of motion picture critics have said that this star is unequalled as a comedienne. The picture is funny from beginning to end and is made all the more comical by the outlandish clothes worn by the star. How to be lovable though wavy is one of the problems that had to be overcome by Miss Normand in characterizing the part of Sis Hopkins and she overcomes the problem with great success.

Thursday—"Love in a Hurry" is her Carlyle Blackwell and Evelyn picture. As Charles Conant, Carlyle chaperones a bunch the Atlantic and he has with them when the leave heavily laden Jane. The arrival in at most of

## ATHLETIC SCHEDULE IS ANNOUNCED FOR INTERSCHOLASTIC

Tolbert, Haulk, Crescent Cove, Red River, Antelope, Oklawnion, East Vernon, Farmers Valley, Elliott, West Vernon and Central Ward Vernon Have Entered Meet Here in April.

R. M. Holt of Harrold, director of athletics, announces that the schedule for the interscholastic basketball teams has been arranged and entries have been closed. The following schools have entered teams in the interscholastic league contest for the championship of Wilbarger county: Senior boys, Haulk, Tolbert; Senior girls, Tolbert, Farmers Valley, Crescent Cove, Red River, East Vernon, Oklawnion, West Vernon, Elliott; Junior girls, Crescent Cove, Tolbert, West Vernon, Oklawnion, Elliott, Central Ward Vernon.

The county is divided into two districts, Pease river forming the line of division. The schedule for the eliminating games for the north side championship is as follows: Senior boys, Tolbert against Haulk, and Crescent Cove against Red River. The winners of these two games will then play for the championship of the north side. Tolbert Senior girls will play Farmers Valley, and Crescent Cove will play Red River. The winners meet each other for the championship of the district. Crescent Cove Junior girls will play against Tolbert and Haulk Junior boys will play Tolbert.

Following is the schedule for the preliminary games of the schools in the south side district: Junior girls, West Vernon against Vernon Central Ward, and Elliott against Oklawnion. Antelope Senior boys will play Oklawnion, East Vernon Senior girls will play West Vernon and Elliott will play Oklawnion. The winners in every case will meet in a championship game.

The elimination games having been played, the champions of the several classes in their respective districts will meet to decide the county championship. Owing to the scarcity of time remaining in which these games may be played, Mr. Holt urges that one game should determine winners in each contest. The director of athletics insists, now that they know their schedule, the teams match their games as soon as possible. The time and place is left to the agreement of the competing teams.

The local Red Cross has been assisting discharged soldiers and sailors in properly making application for the \$60 bonus, but this is not necessary. Discharge papers, together with a statement of applicant's war record should be sent by registered mail to Zone Finance Officer, Lemon building, Washington, D. C. Nothing else is required.

Several Vernon men have already received their \$60 bonus.

**SAFE FARMING PLAN  
SUGGESTION MADE**

**UNITED STATES DEPARTMENT OF  
AGRICULTURE URGES DIVER-  
SIFICATION**

Diversification is the plan for safe farming suggested by the United States Department of Agriculture and A. & M. College, co-operating. The following plan has been received by County Agent N. R. Tisdal as the safest one for farmers to follow during 1919:

"Some people say that stock gamblers and race track followers used to have the custom of buying a ticket for home before putting all their money on one plunge or before betting their last cent on the races. Then if worst came to worst they could at least get home and make a new start."

"Before deciding to gamble on the cotton acreage in 1919, Mr. Farmer and Mr. Business man, hadn't you better buy a ticket for home?" Safety demands that you protect yourselves and your families by producing the food for the South upon the farms of the South as an increase against a possible loss on the cotton market. Buy that ticket now. It is easy to do. Let us tell you how to buy a 'special rate farmers' safety ticket for home in 1919." The directions are as follows:

"First—A home garden for every farm family in the South to supply the home needs for the maximum number of days in the year, with a sufficient surplus to be canned, stored or dried for future use, including an ample supply of Irish and sweet potatoes and, wherever possible, a small patch of cane or sweet sorghum to produce the home syrup.

"Second—The production of corn on every farm sufficient to maintain the family and the livestock in ample food and feed for a year. In Western Texas and Oklahoma grain sorghums should be substituted in place of corn for safety's sake.

"Third—Produce the hay and forage necessary to ample supply the livestock on the farm for one year with an excess for the sake of safety. Special attention should be given to the summer legumes, velvet beans, cowpeas, soy beans, and peanuts, especially for feeding purposes.

"Fourth—Produce the meat, eggs and milk for every family on the farm. This means the production of hogs, cattle and poultry and the care and keeping of good family cows. Livestock is necessary in order to eat up the otherwise waste products of the farm and convert them into cash.

**SUCCESSFUL ADVERTISING**

many people look upon  
we can assume mysterious  
force, unmovable for the most  
part, and hardly an effective  
means of acquainting the public  
with the goods, services, or ideas  
of others. Advertising has been  
called "salesmanship in print,"  
and it is more than that.

"Successful advertising still  
consists of having a good article  
and then telling a great many  
people about it a great many  
times until they come to recog-  
nize the advantage to themselves  
in its purchase," says S. Wilbur  
Corman in *The Fourth Estate*.

The National Government is  
asking business men to help  
stabilize this reconstruction  
period by an active advertising  
campaign to develop business.  
Continuing, along this line, Mr.  
Corman says:

"There is no question that this  
is a period of unrest in many  
social and industrial senses  
of the word. From an advertising  
standpoint the significance of  
this unrest is that the public  
consciousness is peculiarly sensa-  
tive and susceptible to new mes-  
sages. It is possible today to  
plant an idea in the public mind  
in months which formerly would  
have required years, provided  
that there is back of the enter-  
prise financial and merchandis-  
ing courage. \* \* \*

"It seems to be coming to pass  
that governments of business as  
well as governments of nations  
are learning that mass opinion  
rules. Popular good will is the  
best franchise in which money  
may be conservatively invested."

**MEN MUST HAVE WORK.**

Public improvements as to  
means of providing employment  
for soldiers being returned from  
Europe is being urged by the  
Government. In this movement  
many progressive communities  
are joining.

In the language of a representa-  
tive of the Government: "A  
critical period in the business  
life of the county was precipitated  
by the signing of the armis-  
tice last November. Before that  
time we were drafting labor into  
our army and war industries;  
since that eventful day we have  
been rapidly demobilizing. The  
necessary rearrangement brings  
with it the danger of unemploy-  
ment and the bolshevik state of  
mind which goes with lack of  
work and hunger.

To provide employment for re-  
turning soldiers and war munition  
workers, the government  
has approved of 800 separate  
projects, involving about 8,000  
miles of roads. In Texas nearly  
1,000 miles of road plans have  
been approved by federal au-  
thorities.

"Roads are needed," the Gov-  
ernment says. "They increase  
the productive power of the peo-  
ple, and their construction will  
help to absorb idle labor at this  
critical period of our history."

"All good citizens should pay  
as close attention to these recon-  
struction problems as they did to  
the job of licking the kaiser."

These are some of the reasons  
why Wilbarger county should  
vote in favor of good roads April  
19.

Senator Joseph W.  
Hill asserts that the Dem-  
ocratic party has "ceased to sup-

port Democratic principles," and  
for this reason he avers he will  
not vote the ticket again. Nation-  
wide prohibition and woman suf-  
frage are the two straws that  
broke the camel's back, although  
the latter did not receive a vote  
sufficiently large to vitalize the  
effort. "Individual liberty" is a  
fetish with Mr. Bailey, and he  
claims the party has lost all rever-  
ence for the constitution. It  
seems never to have occurred to  
the former Texan that every  
dram shop is an infringement on  
some person's liberty. Remedial  
laws, or restrictions, are neces-  
sary to permit many a man to do  
right, because evil is always more  
aggressive than good. It is true,  
too, that in a nation of more  
than one hundred million people  
uniform laws are desirable from  
the standpoint of every one, ex-  
cept the man who wants con-  
troversy. If Senator Bailey  
wants to stay by the practices of  
the fathers, why does he not in-  
sist upon the old New England  
town meeting for governmental  
purposes?

**The Ills of Business**

Require the same scientific  
treatment that you would  
accord yourself or your fam-  
ily in case of bodily illness.

A General is a specialist in handling large numbers of  
men; a Farmer is a specialist in the raising of crops and  
the tilling of the soil; a Physician is a specialist in car-  
ing for the ill of the body; a Merchant is a specialist on  
buying, selling and the turning of stocks; a Mother  
is a specialist in the cares of her home and children—  
scientists all in their own lines.

So, also, is the Banker a specialist in his line, and his  
careful training and thorough knowledge of the func-  
tions of his profession places him in position to make  
proper diagnosis of the ill affecting the life of your  
farm or business and to render such treatment as will  
restore it to a sound and healthful basis.

We invite you to consult with us on things financial.

## SIMPLE WAYS GIVEN FOR COOKING EGGS

HOME DEMONSTRATION AGENT  
SUGGESTS APPETIZING WAYS  
OF USING PRODUCT.

Eggs are plentiful now, and since many families tire of them as an article of food, prepared in only one or two ways, Miss Ohmie Wilcox, home demonstration agent, makes some suggestions as to some simple but appetizing ways of preparing them.

In addition to the usual soft and hard boiled eggs, poached eggs, and the ordinary fried egg, Miss Wilcox suggests the following:

"Poached eggs and tomato sauce—Allowing one half tablespoon of salt to one quart of water, have a shallow pan two-thirds full of boiling water. Cook until the white is firm, and baste the yolk to form a film over it. Season to taste and serve with the following sauce:

2 cups canned tomatoes, 1 slice onion, or 1 cup tomato sauce, 1-4 teaspoon salt, 2 tablespoons butter, 2 tablespoons flour, 1-8 teaspoon pepper.

"Cook tomato and onion 20 minutes then rub through a strainer. Melt the butter, add dry ingredients and strained tomatoes. Tomatoes will retain their red color if the flour is browned before using. Pour this sauce over the eggs and serve."

### Baked Egg Dishes.

"Shirred eggs—Cover the bottom and sides of a small baking dish, preferably an earthen one, with fine bread or cracker crumbs. Break each egg into a saucer and carefully slip it into the dish. Cover with seasoned buttered crumbs and bake in a moderately hot oven until the whites are firm and crumbs are a golden brown.

"Egg in nest—Carefully separate the white from the yolk of an egg. Beat the white until stiff and pile lightly on a nicely trimmed slice of toast. With a spoon make a depression in the top of the white and slip the egg yolk into it. Place on a baking dish in a moderate oven and when the white has become a golden brown remove and serve. It may be seasoned to taste.

"Eggs baked in tomato—Cut a slice from the stem end of a small tomato and scoop out part of the pulp. Refill this with an egg, sprinkle with salt and pepper, and add a few small bits of butter. Cover the opening with buttered crumbs and bake in a moderate oven until crumbs are a golden brown.

### Eggs Combined with Sauces.

"Eggs Goldenrod—1 cup milk, 2 tablespoons butter, 1-4 teaspoon white pepper, 1-2 tablespoon flour, 4 hard cooked eggs, 1 teaspoon chopped parsley, 1-2 teaspoon salt, 6 slices toast.

"Melt the butter, add the dry ingredients and stir until smooth. Add the heated milk slowly, stirring constantly, and allow to come to the boiling point. Separate the yolks from the whites of the hard cooked eggs. Chop the whites finely and add them to the white sauce. Cut the slices of toast in half and after arranging on the platter pour the sauce over them. Put the yolks through a potato ricer or press them through a strainer, sprinkling them over the sauce. Garnish with parsley and serve.

"Dutch eggs—6 hard cooked eggs, 1-2 cup grated cheese, 1 cup white sauce, 1 sweet red pepper cut into strips.

"Cut the eggs into quarters and place about 1-4 of the amount in a buttered baking dish. Cover this layer with sauce, and sprinkle over it a layer of the cheese; then a few pieces of the pepper. Repeat until the dish is full. Sprinkle bread crumbs on top, dot with butter and brown in a hot oven.

"Escaloped eggs—2 tablespoons butter, 2 cups bread crumbs, 6 hard cooked eggs, 2 cups cooked macaroni, 1 cup milk, 1-2 teaspoon salt, 2 tablespoons flour, 3 tablespoons grated cheese, 1-8 teaspoon pepper, 1 cup tomato sauce.

"Make a sauce of the flour, butter, salt and pepper, and remove from the fire to add grated cheese. Stir until melted. Combine carefully the cooked macaroni, sliced egg and salt. After covering bottom of baking dish with buttered crumbs add the mixture. Then add rest of crumbs, brown in hot oven and serve with tomato sauce.

"Stuffed eggs—1-4 teaspoon salt, 1-4 teaspoon mustard, 1-8 teaspoon pepper, 1-4 teaspoon paprika, 1 teaspoon vinegar, 6 hard boiled eggs, 1 teaspoon olive oil butter.

"Cut the eggs in half, length-wise. Remove the yolks and place them in a bowl. Mash thoroughly and add the seasoning, vinegar and oil. Add enough butter to make mixture of right consistency to shape. Make into balls the size of the original yolks and refill whites. Arrange on a serving dish and if desired to serve hot, pour around them one cup of white sauce. Cover and reheat.

"Creamed eggs—1 cup milk, 4 hard cooked eggs, 1-4 teaspoon salt, 2 tablespoons butter, 2 tablespoons flour, 1-8 teaspoon pepper.

"Separate whites from the yolks of hard cooked eggs. Make a white sauce and add to this the yolks which have been pressed through a strainer. The whites may be cut into small pieces and also added to the sauce.

## Install Electricity

Reconstruction work demands efficiency—efficiency at home and efficiency in the shop.

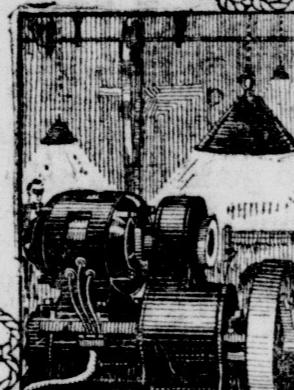

And electric current is real efficiency. It gives a clean, economical light for the home and is the efficient profit producer for Power.

Let us estimate for its installation.

Creamed eggs are particularly nice when served on toast.

"Plain omelet—1-4 teaspoon salt, 2 tablespoons butter, 3 eggs, 3 tablespoons hot water, 1-8 teaspoon white pepper.

"Beat the yolks of the eggs until light and creamy. Add salt, pepper and milk. Beat whites until stiff and fold them into the yolks. Heat a small frying pan and put in enough butter to cover the bottom of the pan, turn in the omelet and spread it evenly. When the omelet is set, carefully fold and turn out onto a hot platter. Serve immediately.

"French omelet—4 1-2 tablespoons milk, 2 tablespoons butter, 4 eggs, 1-2 tablespoon salt, 1-16 teaspoon pepper.

"Beat the eggs slightly, just enough to mix yolks and whites, then add the milk and seasoning. Put the butter in a small hot frying pan and when melted turn mixture into the pan. While this is cooking, mix slightly with a fork until the whole is of a creamy consistency. Place on a hotter part of the fire and allow to brown quickly underneath. Fold and turn on a hot platter.

## RAINS STOP CITY CLEAN-UP CAMPAIGN

WORK WILL BE CONTINUED TO  
DAY AND TOMORROW IF  
WEATHER PERMITS.

Rain yesterday interfered with the clean-up campaign being conducted by City Marshal R. H. Bratton in an effort to rid the city of all trash and rubbish before the coming of warm weather. It was planned to discontinue hauling trash free of charge last night, but yesterday's downpour prevented work by the haulers.

If the weather permits wagons will be run throughout today and tomorrow. About 75 loads of old cans and other trash have already been hauled to Pease river. Mr. Bratton estimates that one-third that many more will be hauled during the present campaign.

Those who pile their cans or other trash in the alleys or some other convenient place can get it hauled away today and tomorrow by telephoning to the City Hall. After the close of the present campaign Marshal Bratton says he will make regular inspections of property in all parts of the city and residents who fail to keep their premises clean will be prosecuted in the city court.

## BOYS WANTED

With large volume it becomes possible to make the heavy investments in machinery and equipment necessary to develop new processes and new products. Often it costs hundreds of thousands of dollars in research and experiment before a single pound of some new product can successfully be put upon the market. Such preliminary work is usually beyond the scope of institutions which lack these facilities.

It is in this way that the fundamental benefits of big business are made available to the public. It is a service that both saves for you and adds to your comfort and health.

You can continue to enjoy this service and aid in extending it still further by serving Armour Oval Label foods on your table.

## The Immortality of Music

THE last notes of the great orchestra died away. The conductor, his back to the audience, stood rigid, with uplifted arms. Then, with the last tone, his arms dropped to his sides, and he turned to face his audience, his figure drooping, his face expressionless. For as the music died, so died the emotions he had put into it. His great work of art, created but for a moment, had lived and pulsed under the magic of his touch, and now was dead.

This tragedy of music is a tragedy no longer. RE-CREATED by

### The NEW EDISON

music has been endowed with eternal life. A great orchestral performance, once given will be RE-CREATED for you by the New Edison, as often as you desire, pouring forth into your soul all the emotions that inspired the musicians who created it. Musical performance no longer is an ephemeral thing of the moment; it has become permanent, to be RE-CREATED at will by The New Edison.

## SAYS HOG PROFITS DUE TO GREEN FEED

### R. D. HURT THINKS RYE AND ALFALFA BEST FOR GRAZING ANIMALS.

Green stuff is a requisite to profitable hog farming, according to R. D. Hurt. While it might be possible to grow porkers profitably without something for them to graze on, he is certain that the range will increase profits materially.

Mr. Hurt bought his farm last April, securing with it six hogs. During the winter he killed four of these, and they averaged better than 300 pounds each. Sales of hogs have amounted to \$186.25, and he has sixteen hogs on his farm now. These animals have grown on alfalfa and rye, except for about \$100 worth of grain.

Rye and alfalfa make the best fields for grazing, Mr. Hurt thinks. He has seven acres of rye on which 14 head of mules and cows have been grazing, and they are unable to keep the plant eaten off. Mr. Hurt owns one of the highest priced farms in Wilbarger county.

#### WILL SING IN FREDERICK.

Lucy Gates, Noted Soprano, Coming to Oklahoma Town for Concert April 2.

Lucy Gates, who is considered by many critics to be America's most wonderful coloratura soprano, will appear in concert in Frederick, Okla., the night of April 2. She sings under the auspices of the Frederick Civic League.

Miss Gates will not appear in any other city within a wide radius of territory and her appearance at Frederick is expected to draw to that city music lovers from Vernon and other towns in this section.

Lucy Gates has rapidly gained ascendancy among singers both American and foreign, many admirers believing her the superior of the renowned Galli-Curci.

The concert will be given at popular prices, \$1 for adults and 50¢ for students.

#### Notice to Breeders.

My Percheron stallion and Mammoth jack will make this season at the same place, one mile east and three miles north of Tolbert. Will be at the barn at 10 o'clock a. m. Arrangements have been made to serve all that come. \$12.50 to insure a living colt.

**PAIGE**  
The Most Beautiful Car in America

THE first cost of a motor car is an important consideration. But ultimate cost is vastly more important. We, of the Paige Company, have always believed that freedom from repair bills and excessive depreciation is infinitely more desirable than a mere catch-penny list price. Therefore we have devoted ourselves to the production of cars—not mere price tags. We have insisted upon using only the best of materials and the best of workmanship—cost what they may. We have built up to a standard—not down to a price. We have built a car that both we and our owners can believe in—a car that will outlast and out-perform any guarantee that we might write for it. In a word, we have built the soundest and safest automobile investment that can be found on the market.

## OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to see that by keeping the kidneys and digestive organs clean and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 20 years GOLD MEDAL Haarlem Oil has been in use in relieving the weakness and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small swallow of water. The oil stimulates the kidney action and enables the organs to throw off poisons which increase with age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will be sent to you free of charge if you send a stamp and a dollar to cover the cost of shipping.

Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. Please remember to ask for the original imported GOLD MEDAL brand. In sealed packages.
